

PROFESSIONAL DEVELOPMENT @ THE AUSTIN SCHOOL

Do you work with students who suffer from Anxiety or are School Refusing? Do you want to explore ways to assist these students and strategies to support them in school?

We'll come along to:

Supporting Students with Anxiety & School Refusal in the Primary Years

How to best support a student who is struggling can be challenging. A wide variety of factors can influence why a young person is having difficulties and sometimes it can be difficult for teachers to notice what is at the base of student's concerns.

This interactive half-day workshop explores different ways of understanding why a student may be struggling in class or school refusing, as well as current approaches for effectively managing these situations. Practical classroom strategies and school wide approaches are presented and discussed.

Participants are encouraged to bring case studies for small group discussions.

Date: 3rd August 2018

Time: 9:30am to 12:30pm

Location: The Austin School, Heidelberg

Cost: \$80.00 per person

This workshop is appropriate for all primary school staff including Teachers & ES. The session also meets the VIT Special Needs PD requirement.

Interested? Fill in the registration form attached. Places are limited!

The Austin School provides specialised educational services to students aged five to eighteen years who have significant emotional, physical and/or psychiatric issues. Teachers work closely with the multidisciplinary team from Austin Health and liaise with the student's home school.

Matthew Di Domenica is a qualified teacher with a Master of Education (Special Education, Inclusion & Early Intervention). He has worked in both Mainstream Schools and Special Education settings. Matthew has worked at the Austin School for almost 5 years in both the Child Inpatient Program and Social Education Program.
